### Introductory note

#### This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

The changes introduced by this variation include; an increase to the site boundary, an increase in permitted quantities of waste, the addition of waste codes including hazardous wastes. Old style waste descriptions have been replaced with equivalent wastes from the European Waste Catalogue found in the List of Wastes (England) Regulations 2005.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

#### Schedule 2 - conditions to be amended

None

#### Schedule 3 - conditions to be added

The following conditions as a result of the application made by the operator

Schedule 1 - specified land

The activities shall not extend beyond the site, being the land shown edged in green on the site plan attached to this permit.

- 1.2.1 Waste shall only be accepted if:
  - (a) it is of a type and quantity listed in table 1.2 and
  - (b) it conforms to the description in the documentation supplied by the producer and holder.

## 1.13 Avoidance, recovery and disposal of wastes produced by the activities

- 1.13.1 The operator shall take appropriate measures to ensure that:
  - the waste hierarchy referred to in Article 4 of the Waste Framework Directive is applied to the generation of waste by the activities;
     and
  - (b) any waste generated by the activities is treated in accordance with the waste hierarchy referred to in Article 4 of the Waste Framework Directive; and
  - (c) where disposal is necessary, this is undertaken in a manner which minimises its impact on the environment.
- 1.13.2 The operator shall review and record at least every four years whether changes to those measures should be made and take any further appropriate measures identified by a review.

#### 1.14 Operating techniques

- 1.14.1 (a) The activities shall, subject to the conditions of this permit, be operated using the techniques and in the manner described in the documentation specified in table 1.3, unless otherwise agreed in writing by the Environment Agency.
  - (b) If notified by the Environment Agency that the activities are giving rise to pollution, the operator shall submit to the Environment Agency for approval within the period specified, a revision of any plan specified in table 1.3 or otherwise required under this permit which identifies and minimises the risks of pollution relevant to that plan, and shall implement the approved revised plan in place of the original from the date of approval, unless otherwise agreed in writing by the Environment Agency.

#### 1.15 Technical requirements

#### Hazardous waste storage and treatment

1.15.1 Hazardous waste shall not be mixed, either with a different category of hazardous waste or with other waste, substances or materials, unless it is authorised by table 1.1 and appropriate measures are taken.
